NO. 130

Lien of the Government Upon the Road Deemed an Ample One -Improvements Made.

Washington, September 24,-The ansubmitted to the Secretary of the Inte-

It shows that since the last report the condition of business throughout the entire Union Pacific system has improved, while the increase of gross earnings during the year 1889 over 1888 was only \$874,659. The increase during the same months ending June of the present year over the same period in 1888 was \$3,295,027. The Oregon Railway and Navigation Company and roads formerly in Denver and Texas and the Fort Worth systems, included in the re-

increase of \$222,046 over the same time

The number of miles operated was 8034, against 7849 at the same time last year, and the expense of operating was \$14,664,500, against \$11,591,521 in 1889, an increase of \$3,072,978, taxes not in-

The Oregon Short Line and Utah Northern railroad shows an increase in earnings but its surplus earnings are reduced from \$1,204,350 for the six months ended June 30, 1889 to \$1,129,982 for the same period this year. The Oregon Railway and Navigation

company shows a failing off in the gross earnings, they being reduced from \$1,-567,198 to \$3.866,364 for the same period this year, while the expense of operatwas increased to the amount of

ment of traffic facilities.

reasonable demands of patrons as rapidly as its means and circumstances offer a resolution for reciprocity and test will permit. These improvements every the sense of the Senate. year require the expenditure of a larger mands of its patrons. The money being eyes on Canada and plotting against her and returns in the future will, they think, prove the wisdom of this course.

improvements being made in the way of ernment which shows itself unfriendly extensions, steel rails, iron bridges, new to them the same which they would do general shops at Cheyenne, develop- for a friendly Government. ment of coal mines, etc. These mines, the report says, have not only solved the great problem of affording fuel for the system, but promise a surplus yield which will be a source of income.

cago and Northwestern is approved. It is expected that the consolidation and asking whether it is possible to obviseveral lines in 1890 will give the ate this by diplomatic means. Union Pacific access to and control of a large amount of traffic from which it has heretofore been excluded.

In view of the necessary improvements already in hand, and the urgent calls upon the company on the part of its patrons for extensions, it has been dale was present at an Ormonde Club deemed best by the Directors to post-meeting today, which lasted two hours. for the present the ablishment of the second sinking fund proposed a year ago. The directors believe that the cost of the imthey exceed in money value the full of rounds from thirty to fifteen. Slavin amount which would have been paid has returned to Dover Court. into the proper sinking fund.

The total debt of the Union Pacific, on

January 1, 1890, principal and interest, was \$50,902,756. This, with accruing interest, falls due in the years 1895 and 1899. The directors say that the debt a glove fight within a few days under cannot be met at the time specified, without doing injustice to hundreds of thousands of people directly and indi-rectly concerned in the welfare the saystem. In order to meet improvements and extensions of of the company's lines would have to be brought to a standstill, subjecting peowhile the territory which naturally belonged to it would inevitably have to be surrendered to its more enterprising competitors. To a large extent, the welfare of the people of the West, who depend upon the system as their main channel of intercourse with the markets of the world, is liable to be affected favorably or unfavorably by the attitude of the government in connection with a readjustment of the indebtedness. The lighter the burden the Union Pacific over for a year. management is compelled to carry, the easier will it be for the management to meet the constant demands of the peo-

ple for greater and better accomodation. The report gives figures regarding the
